

Year 5 Home Learning – Tuesday 17th March 2020

Dear Parents,

In this pack, you will find a Vikings Home Learning project for your child to complete in the next coming weeks. This has been designed for children to do if the government decide to close the school. Please do not feel as though this home learning needs to be completed before this point.

If schools do close, I will arrange a date for the projects to be handed in when the children return to school.

I will also be setting home learning for children to complete via Purple Mash. Purple Mash is a website that can be accessed through a laptop, computer or tablet. The children use this website on a regular basis in their weekly Computing lessons and therefore should be very familiar with it.

To access Purple Mash, please follow these instructions:

1. Go to the website: <http://www.welearn365.com/>
2. In the drop down menu, select 'St Anthony's Catholic Primary School' and press 'go'.
3. It will then ask for login details. Your child will have these details in their homework diaries or in a safe place (they use their logins on a weekly basis).
4. Press the Purple Mash icon.
5. Any work I have set will be found under the '2 Dos' section at the top of the home page.

If there are any changes to this, or work is set in a different format, I will email details over to the email addresses collected on Parents Evening.

Thank you for your co-operation,

Miss Pearson

Year 5 Class Teacher
